AN INTRODUCTORY WORKSHOP

QUALITATIVE HEALTH RESEARCH

October 25th, 26th, 27th, 2021

WHO IS IT MEANT FOR?

It is primarily for medical / allied health science/ social science students, PhD scholars and others interested in introducing qualitative methods into their research.

WHAT WILL YOU GET OUT OF THIS WORKSHOP?

- ✓ Be able to decide on the need for qualitative methods in health research
- ✓ Develop some tools for qualitative data collection
- ✓ Try out methods of qualitative data analysis and reporting

DURATION

- The workshop will be for 3 half days
- Oct 25th – 27th 2021
- 2pm – 4.30pm

MODE OF TEACHING

- Online via Microsoft Teams
- Mix of lectures and practical sessions
- Pre and post session reading material
- Interactive sessions addressing student difficulties

CERTIFICATE

On completion of the three days workshop and active involvement in sessions, participants will be awarded a workshop certificate.

COVERAGE

- Day 1: What's special about qualitative research?
- Day 2: Basics of data collection tools
- Day 3: Data analysis approaches

'Not everything that can be counted counts and not everything that counts can be counted'- Albert Einstein -
